

Dear Vickie and Jimmy - At the time of this writing, you two are meeting in Greece and I know it is very exciting. I hope you finished in the race but if you didn't, it is a good thing you stopped. We will mail our tape to you today and it could have been mailed sooner, but we wanted you to be back before it arrived. We love hearing your tapes and also the picture post cards from Italy. They will go in my book. Thanks for calling from Naples, Jimmy. It was a wonderful surprise Bob Carlson was the uncle who was in Italy during the war.

Mike is here now until after the election. He has a busy schedule every day so I usually see him only in the morning when we have coffee.

Mary is getting along fine and takes her datta processing class. She gets home in time to watch "All my Children". I have been making doll clothes for Diana Barbie Doll. I had to buy a Barbie doll so I could be sure the clothes fit.

I certainly hope we can get to London

And also Italy, it would be  
wonderful.

The World Series is going  
into the 11th inning so all my  
afternoon programs are  
cancelled, so I am going to  
the super market now and  
mail your letter.

Love,  
Mona
